Inventor Solves Lack Of Houses, Heating Device

Winnipeg.—That he has devised a means of solving the housing problem through the use of an electrical power was the claim made by J. W. Dorsey, assistant professor of electrical engineering in the University of Manitoba.

It will not be necessary for people to construct costly houses with a great deal of expensive material for the purpose of keeping out the cold, he said. He believes he has discovered something that will eliminate all the drawbacks of cold. Details of the invention were not given out as he is preparing to obtain patents.

DINER TO GIVE WAY TO CAFETERIA ON WHEELS

Chicago.—The last call for dinner in the dining car is doomed. The diner of the future will be a cafeteria on wheels. Meals will be served at all hours. You will select your stew, your pie a la mode, or French pastry from the parading array on the counter and pay the cashier as you go out.
Such was the prediction made by Roger Collins, a representative of the dining car conductors, who is arranging for an exhibit of railroad cafeterias at the Hotel Mon's show here, May 10-15.

Mayor Turns First Dirt For New Oshkosh Factory

[BY ASSOCIATED PRESS.]
Oshkosh, May 6.—Ground was broken Monday afternoon for the new factory for the Oshkosh Motor Truck company. Mayor A. C. McHenry threw the first shovelful of dirt and gave a brief address expressing the hope that this first co-operative effort of the citizens to build up the city's industries would be followed by other efforts equally successful.

LATE SPRING BRINGS DOWN CLOTHES PRICES

Chicago, May 6.—A general reduction in the price of cotton, woolen and silken goods within the next few weeks was predicted following announcement of a local silk dealer that he had sold three million yards of bolt silk at reductions ranging from 50 cents to \$2 a yard under prevailing prices.
The sales included all lines of manufactured silks.
One State street merchant said that the backward spring and tightening of money would force stores and manufacturers, in many cases overstocked, to slash prices to liquidate.

Street Car Motorman Falls Heir to Riches

Louisville, Ky.—James A. Kelly, New Albany, Ind., street car motorman, has just become heir to part of a \$2,500,000 estate, held in trust by Mrs. Hetty Green, said to have been the world's richest woman, until her death.
Kelly is one of 429 heirs, it is said. He and his brother, Charles, Salem, Ind., sons of the late Joseph Kelly, do not know what their share will be.
The estate belonged to Sylvia Ann Howard and was being held in trust by Mrs. Green at the time of the latter's death. Kelly was a grand nephew of Mrs. Howard.

Good News for Thrifty Folks

If scarcity of the right kind of Gas and Combination Ranges and hope of reduced prices has kept you from enjoying a new range, you will be glad to hear of Leath's latest plan. An old range wastes a lot of fuel, and coal is high, coke is higher and gas is sure to increase. Where then is the economy in waiting? Better buy the new stove now, for our plan takes your old stove off your hands—but wait for Friday's paper to explain in detail.

PLANNING & PLANTING FRONT YARDS

"Tying" the House to the Ground, and Choice and Arrangement of Shrubs Important—Directions for Pruning and Transplanting.

(Written for the United States School Garden Army.)

The day has passed when a shrub can be planted anywhere in the front yard. There is a particular place for the shrub or it is out of place. H. Bailey says: "Where to plant is really more important than what to plant."

Aside from the ever-present necessity of neat and clean grounds, the attractiveness of the front yard is dependent upon three principles: (1) "Tying" the house down to the ground with occasional shrubs and vines so placed that they will not crowd each other but will break the severe lines between the house and the lawn; (2) Choosing and arranging these shrubs with one, two, or three kinds as a basis. (3) Leaving the centers in lawns free of unnecessary walks, drives, piles of stones, or pieces of statuary.

A home could be attractively planted with either of two groups of plants—those that are not native and therefore must be purchased and grown from cuttings and those that are native plants and easily available. The native plants are to be preferred since they not only beautify the home, but attract the birds by providing shelter and food throughout the winter months.

A suggestive list of the plants is given herewith:

AUTO WRECK VICTIM
WILL BE BURIED IN
EDGERTON, SATURDAY

Officials of both Waukesha and Milwaukee counties were unsuccessful on Wednesday in attempts to learn details of the accident which resulted in the death of Burr J. Scott, 39, a prominent Milwaukee lawyer and the son of James Scott of this city who died at a Milwaukee hospital early in the morning. According to reports when his automobile overturned Tuesday night near Waukesha.

According to Waukesha reports, two women were in the automobile with Scott. When the car upset one of them is reported to have been severely injured, while the other escaped with a few bruises. Investigation has failed to disclose the identity of the women.

The body was taken to Edgerton for burial on Saturday afternoon.

Mr. Scott tried many times to enlist following the outbreak of the war, but on account of his eyesight was rejected. After undergoing many operations and treatments his sight was improved to such an extent that he passed examination and was assigned to the officers' training camp at Camp Taylor shortly before the armistice was declared.

Mr. Scott had been twice married. His first wife died and he was divorced from his second wife. The body was taken to Edgerton for burial on Saturday afternoon.

PRICE OF BAKERY
GOODS CLIMBING

Bakery goods took another jump in Janesville this week.

For a dozen cupcakes or a cake one used to push three across the counter. Cookies have advanced to a quarter. An eight-inch pie costs 35-cents and a nine-inch one can be now purchased for 40. One wanting a berry pie must part with 45-cents.

Bread likewise advanced and the makers are charging 12 and 17-cents wholesale.

GIRLS' ATHLETIC
ASS'N IN CHARGE
OF SHOW TICKETS

The Girls' Athletic association of the high school has been put in charge of sale of tickets for the opera, "A Nautical Knot" to be given by the school glee clubs under the direction of Miss Florence Snyder, at the Apollo theater, Friday, May 14. Miss Esther Fined has taken charge of the sale.

There will be three shows, a matinee at 4:15, and two shows at night, at 7:30 and 9 o'clock.

Practice is being held almost every night this week. Costumes are being arranged under direction of Miss health studies. Difficulty is being experienced in getting enough easels and other things that are necessary for the chorus of ten artists. Effort is being made to secure an easel and some kind of a painting for each artist. They must also have artists' smocks, camp stools, and paintbrushes. Miss Snyder is asking anyone who wishes to donate any of these things call the high school and they will be called for by pupils.

Big Demonstration!

To bring direct knowledge to every lady of Janesville and vicinity, we have arranged with the manufacturers of the Free-Westinghouse Electrical Sewing Machine to send their expert Demonstrator, Mr. Bert G. Curtis, to be with us

Saturday, 2:30 P. M. May 8th

You Are Cordially Invited

Desk or Table Model--Beautiful as well as Useful

Let Mr. Curtis show YOU the wonderful superiority of the Free-Westinghouse Electrical Sewing Machine, over all other makes. How easy it is to crochet lace; do drawn work; make button holes; hem-stitching and actually work of human hands on this marvelous machine—and in a fraction of the time ordinarily required.

Educational Interesting Practical

Something doing every minute! You will be amply repaid for your time to witness Mr. Curtis demonstrate to you the many "short cuts" in practical sewing that you can apply to your own work whether you own the Free-Westinghouse Electrical Sewing Machine or not.

We do not ask you to buy it—but to compare. Everybody Welcome!

CHICAGO CLUBS LOSE; REDS STILL WINNING

NATIONAL LEAGUE
Effective pitching of Adams aided the Pirates to beat Chicago yesterday 2 to 0 in the first game at Pittsburgh.

The champion Reds are keeping it up. Yesterday they trounced the St. Louis Cards 3 to 1 by hitting Dock Koenig. Reuther forced in the tying run on a single hit by walking three men in succession and forcing Shotton home.

The Dodgers started the Giants' home stand off well yesterday, winning from the Gothamites 4-3. Brooklyn scored three runs in the first on four hits, two steals and two errors.

Punch Hitter Christenbury scored the run that won yesterday's game for Boston from Philadelphia 4-3. Pauley's wild throw to the plate after knocking down Pick's liner permitted the tally.

AMERICAN LEAGUE
The White Sox took the short end of a game with the Indians, losing 3 to 2. The winning run came in the ninth.

Poor fielding on the part of Washington in the eighth, cost the Senators the game to the Yankees yesterday 7-1. Only one of New York's runs was earned.

Schlag, in a Boston uniform for the first time this season, batted the run that tied the score in the ninth.

AMERICAN ASSOCIATION
The Browns must have a hoodoo. Yesterday they lost their eighth game to St. Paul, this time 6-5. The Saints won on a ninth inning rally, scoring two runs.

Kenosha—Shortly after returning from an asylum for the insane, Albert Calgera was found dead in bed, a revolver beside him. A few months ago he threw himself in the Kenosha river and was rescued and sent to the state hospital.

UNGUARDED GATES

If I could live like over. I'd live the old-time way. I'd choose the role of rover. I'd have my share of play. I'd keep my heart doors open wide. For those who would, might rest inside.

I'd spend youth as I spent it. For pleasure, and for pain. For hoarded, wasted, lent, I'd keep my heart doors open wide. But I'd watch my friendship chest beside.

That the friends I'd earned would safe abide.

The gold I gave for pleasure The days I gave to dreams Were but a fairy treasure. Well-spent today it seems. But on those heart-doors, swinging wide.

Love's empty chamber cannot hide.

It seems an awful shame to cut field and general officers out of a bonus, says ex-Sergeant SOL, when everybody knows they had to live in swell hotels and the rest of the army were furnished free dugouts.

SETTLED ACCORDING TO THE

League of Nations meeting was in full session. All the powers whose armies and navies were up to voting strength were represented.

"No," said Sir Cheatem-Easily, "the question of the self-determination of Ruritania will be settled first."

"Because of our traditional sympathy with the Ruritaniens," put in the Comte de Graban-Armil, "my nation feels it a duty as well as a pleasure to take over the little nation. Our navy is already off the mole and our sixteen brigades of marines have had splendid success in the capture of the island."

Some men, says "Beauty," accomplish it by sending her a lot of expensive flowers and "faisins," others just kiss her hand very gallantly in public.

FAIRY SCHEDULE FOR MAY-JUNE INCLUDES TWO WITH SAMSON

Announcement of the completed Fairy baseball schedule for the next two months was made yesterday.

Two games are booked with Samson at Beloit, the second at Janesville.

Next Saturday and Sunday, the Flint, Michigan, baseball club, members of the Michigan-Ontario league, will play on Morse field.

They should be as good as the Three-Eye League tossers who took a split-series decision with the Fairies two weeks ago.

Flint, Mich., is the city that gained fame about a week ago when the census showed that it had jumped more than 200 percent in population in the last ten years.

If the baseball team is anything like the city, the Fairies will have their hands full and then some.

The schedule is:

May 8 and 9—Flint, Mich., at Beloit.

May 15 and 16—Chicago Gunthers at Beloit.

May 22—Logan Square at Beloit.

May 28—Logan Square at Chicago.

May 30—Pyotts at Chicago.

OLD MICHIGAN FORT MAY BE STATE PARK

Columet, Mich.—There is a possibility that old Fort Wilkins, at Copper Harbor, Keweenaw county, will be taken over by the state park commission as a state park. The property, which is about to be sold to Houghton and Keweenaw counties by the government, was established in 1843 and used until after the Civil war as a military post. It is situated in this district against hostile Indians. Part of the old stockade, erected as a protection against the redskins, and other headquarters and log cabins of the soldiers are still intact.

Wilkins, right at the end of Keweenaw point, on Lake Superior, is a beautiful spot and the terminal of the state trunk highway. Houghton and Keweenaw counties, interested in its preservation as a historical place, will make temporary improvements to the grounds so that they may be used by tourists who plan to visit this section this summer. Permanent improvements, it is expected, will be made by the state park commission if the property is finally taken over.

Drys See Wet Gains In Nation's Growth

Westerville, O.—Pointing out that the increased population of the United States, as it probably will be revealed by the present census will add 25 members to the United States house of representatives, headquarters here of the Anti-Saloon league says it seems likely that such increases in membership—centers that have always been opposed to prohibition, and asserts that the wet are expecting aid from the increase in membership.

Drys, the league says, will be on their guard to hold all the advantages they now possess in a nearly three-to-one majority in congress. The Anti-Saloon officials say that, assuming that the additional members would be wet, which they do not grant, the drys would still have an ample majority in congress.

Voice of the People

Editor Gazette:—I noticed the piece in the paper last evening in reference to the Bower City band's appearance at the fair grounds tomorrow. Just a few facts about the band and its members.

The Bower City band is one of the oldest musical organizations in the United States, its early members playing before the Civil war. Not only is every member a citizen of Janesville, but most of them taxpayers, and many of them members of the Chamber of Commerce. Like all others they have done all they could, at all times, to boost the city in every way. Each year money has to be raised to defray the expenses of the cost of giving concerts, but there isn't one member that has made a cent. Most of the musicians will support you that there isn't any money in band work, but lots of enjoyment; and I want to tell you right here that unless they get a little respect from the people of Janesville, they are not going to have any Bower City band. They have a director, W. T. Chiles, that has forgotten more about music than lots of others will ever know. What has he received? Nothing, you might say, but he is a housewife like the rest. How can you keep a large number of musicians together and create interest among them unless they have the support and respect of the people? I am not writing this for advertisement, but wish some of the people to know the facts.

Every member of the band holds a card, and belongs to the American Federation of Musicians. As you know, most every large orchestra and every large band in this country belong to the organization. They cannot play with any band that is on the unfair list and as you know these bands will do all they can at all times to keep the Bower City band from playing a job. Tomorrow is not Beloit day at Janesville—but Janesville day. Preparations are being made to close in the afternoon. Many of these business men that close their places of business are members of the Bower City band.

SAVING ONE DOLLAR SAVES THE EFFORT OF MAKING ANOTHER TO TAKE ITS PLACE.

they spend all their money in Janesville. Is it right to have a band that is on the unfair list keep the house of the game? I do not know the circumstances as they were, but I know them as they are, and I, myself, would rather go to the bank and hand them one of the tickets which I will tear out of the book of tickets I bought to boost the ball team, but on the other hand, rather than see others play a hand, I would have donated my services.

No doubt, if the present plans go through, the people of Janesville will hear the Panhams-Morse band of Beloit on the streets and at the fair grounds tomorrow. If will not say they are not good, because they have lots of backing. You people in Janesville could have the best musical organization there is. If you would boost it, and on the merit of its own record, and of its members as citizens and boosters, as well, I feel as if the Bower City band should receive due consideration.

As I said before, I am not writing this for advertisement or for flims against the Chamber of Commerce or the city fathers, but as a member of the band, a member of the Chamber of Commerce and a keen admirer of civil and public affairs.

Have You Seen Keyboard Sheathing That Insulates and Laths Stucco Houses in One Operation?

Flaxlinum Keyboard cuts labor costs and materials, and gives you a dry warm stucco house in all seasons.

FLAXLINUM KEYBOARD

Keeps the House Warm in Winter—Cool in Summer—Saves 1-3 of Coal Bill

FLAXLINUM Keyboard opens up new possibilities in stucco construction. It combines the high insulating value of Flaxlinum with a strong, durable stucco base; and insures a dry, comfortable stucco house throughout the year. And real economy.

Keyboard is proof against cold and dampness. It keeps them out and it keeps the heat in. By doing so it reduces coal bills one-third. Think what this saving means through all the years you are going to live in your new home.

Keyboard is built up of one-half inch Flaxlinum, high-grade, asphalt-saturated, water-proof paper and No. 1 white pine beveled lath.

It comes in sheets ready to be nailed over the sheathing or direct to the studding. Applied direct to the studding it makes a strong, rigid construction, and has in this way been used in hundreds of houses built by the Government.

You can readily see how this construction cuts down the material needed for a house; and how labor costs are cut by applying the lath and insulation at the same time. Used

in this way Keyboard gives you the most economical house you can build.

Don't forget Flaxlinum in the roof. The roof is the big heat leak in winter and the big exposure to sun in summer.

Notice the roof in the picture above. See how the snow has melted and left a fringe over the eaves. Also observe that the snow on the roof of the porch and garage is not melted. Evidence enough that the heat escaping through the roof—and not the sun—melted the snow. A striking illustration of the need for roof insulation. Heat going up through the roof day after day all winter long represents a big money loss and comfort loss.

If you are going to build get these comfort and economy advantages of Flaxlinum and Flaxlinum Keyboard.

Flaxlinum products are sold by leading material dealers everywhere. They are specified by architects and endorsed by contractors. If you do not know the name of a Flaxlinum dealer in your vicinity, write us. Free samples and booklets on request. In writing, please state the kind of building you are interested in.

President Craig, of the Samson Tractor company, said he would congratulate the citizens of Janesville on the splendid showing of the military company.

Other speeches were made by Alexander Matheson, Maj. Atwood, Col. John M. Turner, M. O. Mount, Frank Jackson, Stephen Bolles and Mayor Welsh. Each was happily introduced by Capt. Reagin who at the close gave a talk to the men of the company.

At the speakers' and guests' table the speakers were the governor, Adjutant General Holway, the governor's secretary, Lawrence C. Whitte, Major Colin H. Hall, M. O. Mount, Thomas Kingston, former commander of the Wisconsin Spanish War veterans, Maj. David Atwood, Col. John M. Turner, of Mauston, sergeant at arms of the senate and candidates for state treasurer before the full republican primaries.

Decorations in Harmony. The banquet hall of the Myers hotel was harmoniously decorated with flags and bunting and the tables were well filled.

ROTARY CLUB WILL FOSTER BOYS' CAMP

Janesville Youngsters To Be Given Summer Outing at Nearby Lake for Small Fee.

Between 50 and 60 Janesville youngsters who ordinarily would never have the opportunity will be given an outing at some nearby lake by the Rotary Club this summer. The camp will continue from two to three weeks, commencing immediately after the Fourth of July.

The idea has been under discussion by club members for several weeks but it was not until the meeting yesterday that it reached definite form. Today, George Kimball, George Olin, George S. Parker, A. C. Preston and C. J. Smith, motored to Lake Koshong and returned with a long list of suggestions. One at Lake Koshong was visited this week but it was declared inappropriate for the needs.

Boys from 12 to 15 Eligible.

The only obligation on the part of the youngsters is that they have five dollars. The remainder of the cost will be met by the Rotarians who have a membership here of 34.

Boys who have passed their twelfth birthday and who are not yet 15 are eligible to go. Mr. Preston, head of the boys' work department at the Y. M. C. A., has been selected to be in charge of the camp.

Tents Being Secured.

Mr. Preston has started a canvass to secure enough tents, cars and all equipment. He already has procured a number of shelters but announces

he needs several more and requests persons having tents to lend to notify him.

The camp head is also desirous of getting in connection with a cook. Shortage of camp culinary experts has been conspicuous.

The camp will be non-sectarian and will be governed by a set of regulations and rules which will serve to give the boys the most education and recreation from their period at the lake.

There will be regular hours for rising, and retiring, meals, swimming, gymnastics, baseball and other sports, scout practice, and a long list of other activities to make the vacation a success.

Interested in Boys.

Speaking of the project, C. J. Smith, an enthusiastic member of the Rotarians, said, "The club is interested in the boy movement. We back the Boy Scouts and all activities for the youngsters. It was from this set course that we considered the advisability of giving an outing to youngsters here whose parents are financially unable to send them to the more expensive camps which are growing in popularity every summer."

"The Janesville club," suggested Smith, "at once set to work to see what could be done here. We found fertile field for work."

"Just at present we are unable to determine the exact period the camp will be in operation but we figure between two and three weeks. The boys will be divided and sent there at different periods for either a week or for ten days. All the expense with the exception of five dollars, which we desire each boy to have, will be met by the Rotary club."

Milliners Promise Hat Prices Stable for Summer

(BY ASSOCIATED PRESS.)

New York, May 5.—A promise to the public that no attempt would be made to raise the price of summer hats, was made yesterday by 1,500 milliners assembled today for their annual convention. In most stores women's summer hats have been made for some time. The milliners made no mention of prices of fall hats.

CALIFORNIA GIRL WEDS PERSIAN

The marriage of Juanita Storch of Oakland, Cal., to Mirza Ahmad Schrab, former secretary of the Persian legation, was celebrated recently with appropriate Persian ceremonies in the presence of delegates representing fifty Bahai assemblies from all parts of the world. Rev. Howard C. Ives performed the ceremony.

DAVIES IS CHAIRMAN OF STATE DEMOCRATS

Milwaukee, May 5.—Such planks or subject matter as may be voted for by a majority of the Wisconsin delegation to the national democratic convention will be binding upon the representative of the resolutions committee, it was announced at a meeting of the Wisconsin delegation in Milwaukee Wednesday.

Joseph E. Davies was chosen chairman of the Wisconsin delegation, and D. D. Conway, Grand Rapids, secretary. Joseph Martin, Green Bay, was chosen national committee man.

Judge J. C. Karel, Milwaukee, was chosen as representative on the resolutions committee; Thomas A. Ryan, New Richmond, credentials; George W. Baldwin, Aukton, organization; Carl Mothe, Wausau, presidential nomination; A. A. Bentley, La Crosse, vice president's nomination.

BELOIT DUPLICATES LOCAL COUNCIL'S ACT

Beloit's city council has increased the salary of its city assessor, F. F. Livermore, former county treasurer, from \$1,600 to \$2,000, the same salary recently voted by the Janesville council for City Assessor Frank Smith. The assistant city engineer of Beloit has been appointed building inspector there at \$10 a month in addition to his regular salary.

A petition of Beloit police for money and one day off weekly is in the hands of the finance committee. The line city may follow the action of Janesville to make possible Sunday opening of billiard halls and bowling alleys. The judiciary committee of the Beloit council has before it a petition signed by 447 persons asking for Sunday opening. A special election will be called if the council does not act within 30 days.

"Gen. Pershing" Is First Pigeon to Deliver Message

New York, May 6.—"General Pershing," one of the 12 army signal corps pigeons that left Washington yesterday carrying a message to Lieut. Gen. Robert L. Bullard, commander of the department of the east, was the first bird to arrive at Camp Alfred Vail, N. J. It was announced today. The message was immediately flashed to General Bullard at Governor's Island. "General Pershing" carried a message from General Pershing conveying greetings to Lieutenant General Bullard and telling of the awards of prizes in the essay contest on the benefits of enlistment in the army. The bird made the 200 mile flight in less than 12 hours. "General Pershing" another pigeon, carrying a message from Adjutant General Peter C. Harris to General Bullard, was the second bird to complete the trip. "Donald B." with a similar message from Donald C. Campbell, Clinton, Ia., first prize winner of the essay contest, was a close third.

Youth Kills Black Bear With Ax in Woods Near Home

(BY ASSOCIATED PRESS.) Grand Rapids, May 6.—Peter Willy, 16, son of a settler near Lake Brainerd, killed a black bear with an axe in the woods near his home. Young Willy was running in the woods and came upon the bear emerging from his winter quarters. The bear, instead of running as usual, attacked the youth, who succeeded in landing a blow from the ax he carried and killed the bear.

Connecticut Is in Favor of Revising Volstead Act

New Haven, Conn., May 6.—Revision of the Volstead act so as to permit the manufacture and sale of beer and light wines, was favored by the democratic state convention today. A recommendation of the state central committee that the Connecticut delegation to San Francisco be instructed to vote as a unit was rejected.
